Premier Facility Partner Program

Why Choose Pet Partners?

Founded in 1977, Pet Partners is the leader in improving human health and well-being through the human-animal bond. Pet Partners teams make millions of visits across the country each year to people in need.

We are the nation's largest and most prestigious nonprofit registering handlers of multiple species as volunteer teams providing Animal-Assisted Interventions. We have the highest caliber curriculum in the industry. We offer our teams superior risk management and the industry's highest safety standards, continuing education, and insurance. You will be partnering with the most respected organization in the therapy animal community.

The Pet Partners program is the gold standard in the field.

Let's Partner!

Pet Partners invites your facility to become an official **Premier Facility Partner** and respectfully requests a minimum annual contribution of \$10,000.

Together we can bring a happier and healthier life to millions of people while building a mutually beneficial partnership.
