

## Boosted Post Program

Thank you for your interest in inviting registered Pet Partners therapy animal teams to your facility.

The *Boosted Post Program* provides facilities with an opportunity to increase the visibility of their volunteer request. Facilities and community organizations have a free way to post volunteer opportunities on our website so that our registered teams who are seeking new visit opportunities are aware of volunteer options. Please proceed with that option at [petpartners.org/facilities](https://petpartners.org/facilities).

Our *Boosted Post Program* offers facilities a donation-based option to increase the visibility of their volunteer request. In addition to being included in a highlighted position on our searchable listing of visit requests, Boosted Post ensures registered handlers near your facility will also receive an email highlighting the opportunity. This option is a proactive approach to recruitment since the visit requests will only appear to teams who are actively searching for visit opportunities.

**How do we proceed?** We will provide you with an invoice for the **\$250** Boosted Post option. Upon receipt of your donation and confirmation of your request details, we will schedule your recruitment email to go out to appropriate teams for this opportunity. This program increases the likelihood that teams will sign up for visits at your facility. Because our teams are volunteers, participation cannot be guaranteed, however.

**Why Choose Pet Partners?** We are the nation's largest and most prestigious nonprofit registering handlers of multiple species as volunteer teams providing animal-assisted interventions. We have the highest caliber curriculum in the industry. We offer our teams superior risk management and the industry's highest safety standards, continuing education, and insurance. You will be partnering with the most respected brand in the therapy animal community.

Our volunteer teams make millions of visits per year to a variety of settings including hospitals, nursing homes, veterans' centers, hospice, memory care facilities, courtrooms, schools, and other facilities. By supporting Pet Partners through our *Boosted Post Program*, you are supporting thousands of therapy animal teams as they positively impact millions of lives across the country.

**Thank you.**

Contact us at [volops@petpartners.org](mailto:volops@petpartners.org) to begin planning your participation in the *Boosted Post Program*. A discounted contribution request of **\$750** is available for facilities interested in 4 Boosted Posts a year.
