

# Sponsored Visit Program

## Bring Therapy Animal Teams to Your Event

Pet Partners' Sponsored Visit Program offers companies a unique way to support Pet Partners' mission. Your sponsorship enables our team to coordinate a focused recruitment effort to bring therapy animal teams to your wellness event.

Pet Partners therapy animal teams typically volunteer with vulnerable populations, aligning with our mission of improving human health and well-being through the human-animal bond. Your support means that you're contributing to the impact of thousands of therapy animal teams nationwide.

## Sponsorship Benefits

With your sponsorship, Pet Partners will:

- ✓ Allocate staff resources to recruit therapy animal teams for your event.
- ✓ Tailor recruitment to your specific needs, including geographic location, preferred species, and scheduling.
- ✓ Provide electronic files of our logos for co-branded signage and marketing materials.

Note: Therapy animal teams volunteer no more than two hours within a 24-hour period, and we request at least one month's notice to make arrangements. While we can't guarantee team participation due to volunteer availability, Pet Partners will keep you informed on the response rate.
